Exercises (Individual)

All exercises will be using the dvdstore database. DAOs are already created, except for the Customer Search, where you will fill in the data access methods.

Actor Search
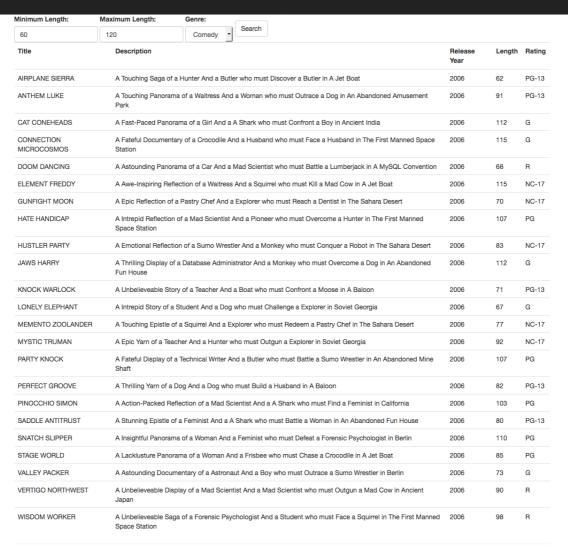

Given a search string, display all the actors whose `last_name` contains that search string. Display should show `first_name` and `last_name`.

Film Search

Given a minimum length, maximum length and genre, display a list of movies that match the search. Minimum and Maximum length could both be blank. Display should show `title`, `description`, `release_year`, `length` and `rating`.
